The Debtors remain committed to achieving a fair and equitable resolution of these Chapter 11 Cases – a resolution that affords fair treatment to wildfire victims and other economic stakeholders, provides Californians with access to safe, reliable, and affordable service, results in a transformed utility, and satisfies the requirements of Assembly Bill 1054 (Holden, Chapter 79, Statutes of 2019) (“**AB 1054**”). To that end, after filing their initial plan of reorganization in September of last year, the Debtors have engaged in ongoing discussions with representatives of Governor Gavin Newsom (the “**Governor’s Office**”) regarding the terms of the Debtors’ restructuring, the requirements of AB 1054, and the concerns expressed in Governor Newsom’s December 13, 2019 letter [Docket No. 5138-1] (the “**December 13 Letter**”).

The Plan now on file resolves the Debtors' prepetition liabilities and provides fair and expeditious compensation to wildfire victims. Among other things, the Plan provides:

- Approximately \$13.5 billion of cash and common stock of Reorganized PG&E Corp. for the payment of individual and other wildfire claims;
- \$11 billion in cash to satisfy insurance subrogation claims;
- Reinstatement of \$9.575 billion in existing, prepetition Utility funded debt claims;
- Refinancing of \$11.85 billion in existing, prepetition Utility debt with newly issued debt; and
- Payment in full of general unsecured claims and certain other liabilities, with interest at the legal rate.

The Debtors intend to fund the obligations under the Plan, including the Debtors' contributions to the Go-Forward Wildfire Fund created under AB 1054, from a variety of sources as described in the Plan OII<sup>2</sup> and as set forth below:

<sup>1</sup> Capitalized terms used but not herein defined have the meanings ascribed to such terms in the *Debtors' and Shareholder Proponents' Joint Chapter 11 Plan of Reorganization dated March 16, 2020* [Docket No. 6320] (the “**Plan**”).

<sup>2</sup> The CPUC proceeding related to the Chapter 11 Cases, (I.) 19-09-016, “*Order Instituting Investigation on the Commission’s Own Motion to Consider the Ratemaking and Other Implications of a Proposed Plan for Resolution of Voluntary Case* filed by Pacific Gas and Electric

New debt	\$5.825 billion		
Temporary Utility Debt	\$6 billion		
Insurance Proceeds	\$2.2 billion		
Cash at Emergence	\$1.6 billion		
Total Sources	\$57.65 billion		

The Debtors also contemplate a single post-emergence 30-year securitization transaction of approximately \$7.5 billion (the “**Securitization**”), with reduced principal payments in the early years, which would replace the Temporary Utility Debt and be neutral, on average, to customers and also would accelerate the deferred payments to the Fire Victim Trust to be funded under the Plan. The Securitization includes offsetting credits to be funded initially from a reserve account and further funded with the value of net operating losses contributed in the year in which the net operating losses are utilized. The Securitization structure is anticipated to yield a full (nominal) offset each year to securitized charges. The Plan is not contingent on the approval of the Securitization and, as noted below, in the event the Securitization is not approved, the Debtors have committed to use the proceeds of the net operating losses to amortize the Temporary Utility Debt referred to in the above chart.

In addition to the financial restructuring embodied in the Plan, the Debtors have committed to a number of changes to their corporate governance and regulatory affairs. As described in the Debtors’ Post-Hearing Brief filed on March 13, 2020 in the Plan OII (the “**Debtors’ OII Proposals**”), the Debtors have agreed to substantial modifications relating to PG&E’s board of

*Company, pursuant to Chapter 11 of the Bankruptcy Code, in the United States Bankruptcy Court, Northern District of California, San Francisco Division, In re Pacific Gas and Electric Corporation and Pacific Gas and Electric Company, Case No. 19-30088” (the “**Plan OII**”).*

1 directors, Utility safety, general corporate governance and operations, and executive  
2 compensation, and an enhanced oversight and enforcement process. The Debtors' OII Proposals,  
3 in large part, support the proposals in the ruling issued by the CPUC Assigned Commissioner in  
4 the Plan OII to address the Debtors' governance and organization, and the Debtors also have agreed  
5 to work with the Governor's Office on certain of the initial corporate governance matters.

6 In addition to the foregoing, the Debtors also have agreed in connection with and subject  
7 to, among other things, the approval of the Case Resolution Contingency Process and the  
8 Governor's support for the Plan and the Securitization, to implement certain other commitments  
9 as further described below.

10 This Motion reflects the final component of the Debtors' comprehensive restructuring – an  
11 agreement with the Governor's Office on the case resolution contingency process set forth in  
12 **Exhibit A** hereto and described below (the “**Case Resolution Contingency Process**”), which  
13 addresses the unlikely circumstance in which the Plan is not confirmed or fails to go effective in  
14 accordance with certain required dates.

15 In summary, as more fully described below, if the Confirmation Order is not entered by  
16 June 30, 2020, the Debtors will appoint a Chief Transition Officer (the “**CTO**”)<sup>3</sup> and will  
17 commence a sale process. If the Confirmation Order is entered by June 30, 2020, but the Effective  
18 Date of the Plan does not occur by September 30, 2020, the Debtors will appoint the CTO, which  
19 will extend the deadline for the occurrence of the Effective Date to December 31, 2020. If the  
20 Effective Date does not occur by such extended date, the Debtors will then commence the sale  
21 process.

22 While the Debtors continue to believe that the Plan as previously proposed complies with  
23 AB 1054, the Debtors believe that the foregoing commitments address all of the concerns raised  
24 in the Governor's December 13 Letter. The Debtors' management and professionals have worked  
25 diligently with the Governor's Office in order to build the state's confidence that the Reorganized  
26

---

27 <sup>3</sup> The authority and scope of responsibility of the CTO are set forth on Annex A to the Case  
28 Resolution Contingency Process.

1 Utility will meet the needs of the state while providing safe, reliable, and affordable service for its  
2 16 million customers.

3 Therefore, by this Motion the Debtors seek entry of an order authorizing and approving the  
4 Case Resolution Contingency Process (the “**Case Resolution Contingency Process Order**”). The  
5 Case Resolution Contingency Process will be an exhibit to the Case Resolution Contingency  
6 Process Order and incorporated by reference as if fully set forth therein. Approval of the Case  
7 Resolution Contingency Process will facilitate the Debtors’ ability to timely exit these Chapter 11  
8 Cases, provide a positive signal to the financing markets, and further solidify support for the Plan  
9 and the likelihood of a smooth and largely consensual resolution of these Chapter 11 Cases.

10 The Debtors’ support for the Case Resolution Contingency Process Order is based on, and  
11 subject to, the Debtors’ understanding that the Governor’s Office will file a responsive pleading  
12 in the Bankruptcy Court prior to the hearing on the Motion stating (1) if the relief requested in the  
13 Motion is granted and the CPUC approves the Debtors’ Plan with governance, financial and  
14 operational proposals consistent with the Debtors’ OII Proposals, and such modifications as the  
15 CPUC believes are appropriate, the Plan will, in the Governor’s judgment, be compliant with AB  
16 1054, and (2) the Securitization (subject to CPUC approval), if it meets all legal requirements,  
17 would be in the public interest and would strengthen the Utility’s go-forward business.

18 Accordingly, as set forth below, entry into, and approval of, the Case Resolution  
19 Contingency Process represents a sound exercise of the Debtors’ business judgment and should be  
20 approved.

## 21 **II. JURISDICTION**

22 The Court has jurisdiction to consider this matter pursuant to 28 U.S.C. §§ 157 and 1334,  
23 the *Order Referring Bankruptcy Cases and Proceedings to Bankruptcy Judges*, General Order 24  
24 (N.D. Cal. Feb. 22, 2016), and Rule 5011-1(a) of the Bankruptcy Local Rules for the United States  
25 District Court for the Northern District of California. This is a core proceeding pursuant to 28  
26 U.S.C. § 157(b). Venue is proper before the Court pursuant to 28 U.S.C. §§ 1408 and 1409.

1     **III.     BACKGROUND**

2             **A.     General**

3             On January 29, 2019 (the “**Petition Date**”), the Debtors commenced voluntary cases under  
4 chapter 11 of the Bankruptcy Code. The Debtors continue to operate their businesses and manage  
5 their properties as debtors in possession pursuant to section 1107(a) and 1108 of the Bankruptcy  
6 Code. No trustee or examiner has been appointed in either of the Chapter 11 Cases. The Chapter  
7 11 Cases are being jointly administered for procedural purposes only pursuant to Bankruptcy Rule  
8 1015(b).

9             Additional information regarding the circumstances leading to the commencement of the  
10 Chapter 11 Cases and information regarding the Debtors’ businesses and capital structure is set  
11 forth in the *Amended Declaration of Jason P. Wells in Support of First Day Motions and Related*  
12 *Relief* [Docket No. 263].

13             **B.     AB 1054**

14             On July 12, 2019, Governor Newsom signed into law AB 1054, which, among other things,  
15 establishes a statewide fund (the “**Go-Forward Wildfire Fund**”) that participating utilities may  
16 access to pay for liabilities arising in connection with wildfires that occur after July 12, 2019. The  
17 Debtors’ ability to access the Go-Forward Wildfire Fund is subject to the conditions set forth in  
18 the statute, including confirmation of a plan of reorganization that meets certain requirements by  
19 no later than June 30, 2020. A condition to the occurrence of the Effective Date of the Plan is the  
20 Bankruptcy Court’s approval of the Debtors’ participation in the Go-Forward Wildfire Fund is in  
21 full force and effect.

22             **C.     The Debtors’ Plan**

23             On September 9, 2019, the Debtors filed their original joint chapter 11 plan of  
24 reorganization [Docket No. 3841], which was thereafter amended on September 23, 2019 [Docket  
25 No. 3966] and November 4, 2019 [Docket No. 4563] (collectively, the “**Debtors’ Original Plan**”).

26             On December 6, 2019, the Debtors, certain funds and accounts managed or advised by  
27 Knighthead Capital Management, LLC and certain funds and accounts managed or advised by  
28 Abrams Capital Management, L.P. (together, the “**Shareholder Proponents**”), the Tort Claimants

1 Committee, and certain professionals representing approximately 70% in number of the holders of  
2 Fire Victim Claims entered into an agreement (the “**Tort Claimants RSA**”) to resolve, among  
3 other things, the treatment and discharge of individual Fire Victim Claims under the Debtors’  
4 Original Plan, as amended to incorporate the terms of the settlement embodied in the Tort  
5 Claimants RSA. Prior to entering into the Tort Claimants RSA, the Debtors previously negotiated  
6 settlements with the holders of Public Entities Wildfire Claims and the holders of Subrogation  
7 Wildfire Claims. On December 19, 2019 [Docket No. 5174], the Court entered an order approving  
8 the Tort Claimants RSA.

9 On January 22, 2020, the Debtors, the Shareholder Proponents, and certain members of the  
10 Ad Hoc Noteholder Committee entered into an agreement (the “**Noteholder RSA**”) to, among  
11 other things, resolve all issues relating to the treatment of the Utility’s prepetition funded debt  
12 under the Debtors’ and Shareholder Proponents’ Plan. On February 5, 2020, the Court entered an  
13 order approving the Noteholder RSA [Docket No. 5637].

14 The Plan, filed on March 16, 2020 [Docket No. 6320], incorporates the terms of the  
15 settlements embodied in the Subrogation Claims RSA and plan treatment set forth in the Tort  
16 Claimants RSA and the Noteholder RSA. Among other things, the Plan also provides for (i)  
17 payment in full, with interest at the legal rate, reinstatement, or refinancing of all prepetition funded  
18 debt obligations, all prepetition trade claims, and employee-related claims, (ii) assumption of all  
19 power purchase agreements and community choice aggregation servicing agreements, and (iii)  
20 assumption of all pension obligations, other employee obligations, and collective bargaining  
21 agreements with labor. The Plan represents a global consensus and has the support of all classes  
22 of fire victim claims and virtually all other voting classes.

23 In addition, the Debtors believe the Plan provides for and will allow the Debtors to  
24 participate in the Go-Forward Wildfire Fund and satisfaction of the legislative requirements of  
25 AB 1054. Of course, such compliance is subject to the review and approval of the CPUC, which  
26 approval process is underway.

27 The Debtors’ Disclosure Statement with respect to the Plan has been approved by the  
28 Bankruptcy Court and the solicitation of votes with respect to the Plan will commence shortly.

**Failure to Meet Required Dates**

The Debtors will obtain entry of the Case Resolution Contingency Process Order which shall require the Confirmation Order (a proposed form of which the Debtors will submit in form and substance acceptable to the Governor's Office, provided that if the Bankruptcy Court declines to enter such order unless the Debtors modify the Order in a manner not acceptable to the Governor's Office, the Debtors may modify the order to address the Bankruptcy Court's requirements) to be entered by June 30, 2020 (the "**Confirmation Order Required Date**"); provided, that neither of the following shall constitute a failure to meet the Confirmation Order Required Date: (i) the Confirmation Order contains conditions subsequent related to the entry of, appeal of, or compliance with the CPUC's decision in the Plan OII or (ii) the pendency of any appeal, motion for reconsideration or similar relief of the Confirmation Order.

In the event the Confirmation Order Required Date does not occur on or prior to June 30, 2020:

1. The Debtors shall be authorized and directed, no later than ten (10) business days after the Confirmation Order Required Date has not been met, to appoint a Chief Transition Officer (CTO), with the authority and scope of responsibility set forth on Annex A to the Case Resolution Contingency Process;
2. The Debtors and the Governor's Office shall agree to (or, if no such agreement is reached, the Bankruptcy Court shall order pursuant to the process set forth in the Case Resolution Contingency Process) a form of bidding procedures (as ordered by the Bankruptcy Court, the "**Bidding Procedures**"), which Bidding Procedures shall include the provisions described below;
3. The Debtors shall be authorized and directed to commence the Sale Process (defined below) in accordance with the Bidding Procedures; and
4. The CTO shall remain in place until the completion of the Sale Process.

The Case Resolution Contingency Process Order and the Confirmation Order shall require that the Effective Date of the Plan is to occur by September 30, 2020, subject to the following:

1. If the Effective Date has not occurred by September 30, 2020, the Debtors shall be authorized and directed, no later than ten (10) business days after such date, to appoint a CTO to the extent not already appointed.
2. The CTO shall remain in place until the earlier of (a)

	<p>completion of the Sale Process, if a sale process is required, or (b) the Effective Date of a Plan.</p> <p>3. If the CTO is appointed as required above, then the deadline for the Effective Date shall be extended to December 31, 2020 (the “<b>Effective Date Required Date</b>”). If (i) the CTO is not appointed or retained as required above or (ii) the Effective Date has not occurred by the Effective Date Required Date, then the Debtors shall pursue a Sale Process in accordance with the Bidding Procedures.</p>
<b>Operational Observer</b>	<p>The Case Resolution Contingency Process Order shall provide that, upon entry of such Order, the state of California can select an operational observer (the “<b>Operational Observer</b>”). The Operational Observer shall have the right to observe the Debtors’ compliance and progress with respect to natural gas operations and safety and wildfire and other disaster mitigation activities including: vegetation management programs; system hardening programs (both electrical infrastructure and microgrid implementation); risk analysis; implementation of mitigation measures (including the use of and effectiveness of the Emergency Operations Center and PSPS); public and workforce safety; and programs to assure compliance with any applicable safety and operational metrics. The Operational Observer shall have the authority to observe meetings of the boards of directors (including committee meetings) and management meetings related to performance and safety issues, conduct field visits, interviews and inspections, review documentation related to safety performance, and undertake any other tasks reasonably required in furtherance of its duties.<sup>5</sup> The Operational Observer shall provide periodic reports to the Utility CEO, the Debtors’ boards of directors, and the Governor’s Office. The Operational Observer shall not divulge confidential or proprietary information of the Debtors without the Debtors’ consent; provided, that the Debtors shall be deemed to have consented to the disclosure of such information to the Governor’s Office and its advisors.</p>

<sup>5</sup> The Reorganized Debtors may limit the Operational Observer’s attendance at meetings or access to information based on a claim of privilege only if, in the opinion of counsel, such restriction is necessary to preserve the privilege.

If the CTO is replaced, the subsequent CTO must also be selected from such list of identified candidates.</p> <p>If a CTO is required to be appointed pursuant to the Case Resolution Contingency Process, the CTO shall have the authority and scope of responsibility set forth in Annex A to the Case Resolution Contingency Process.</p>
<b>Bidding Procedures</b>	<p>The Bidding Procedures shall include, among other things, the following:</p> <ol style="list-style-type: none"> <li>1. Provisions authorizing and directing the Debtors to conduct the Sale Process.</li> <li>2. A schedule that allows for the closing of a sale (or effective date of a plan) no later than September 30, 2021.</li> <li>3. Provisions that allow the state of California or a bidder supported by the state of California to participate as a bidder in the process.</li> <li>4. Customary confidentiality and non-disclosure provisions applicable to all bidders or potential bidders participating in the process.</li> <li>5. Provisions that prohibit extension or modification of any dates set forth in the Bidding Procedures to the extent such extensions or modifications would result in a process being unable to be completed by September 30, 2021 or would limit the ability of a bidder supported by the state of California to participate as a bidder in the process, without such extension or modification being consented to by the Governor's Office or approved by the Bankruptcy Court; provided, that in the event such a modification or extension is ordered without the consent of the Governor's Office, exclusivity shall be immediately terminated without further order of the Bankruptcy Court for the state of California, or a party supported by the state of California, to sponsor a plan for either or both Debtors.</li> <li>6. <p><b>Sale Process</b></p>	<p>1. No later than ten (10) business days after the date on which a Sale Process is required to be pursued pursuant to the terms of the Case Resolution Contingency Process, the Debtors shall be authorized and directed to appoint a sale committee (the “<b>Sale Committee</b>”) of the board of directors of PG&amp;E Corp. (and, to the extent necessary, to appoint a similar committee with the same members and scope of the Utility). The members of such Sale Committee(s) shall be selected by the Debtors’ boards of directors and be acceptable to the Governor’s Office. The Sale Committee(s) shall oversee the Sale Process and make recommendations to the full boards of directors regarding the Sale Process.</p> <p>2. The Debtors’ shall appoint a Chief Restructuring Officer to manage the Sale Process and report to the Sale Committee. The Debtors’ current Chief Restructuring Officer shall fulfill that function; provided, that if the Debtors’ current Chief Restructuring Officer is not available to fulfill such function, the Sale Committee shall select a nationally recognized replacement with similar characteristics and experience to fulfill such function.</p> <p>3. If a Sale Process is required, the Debtors shall be authorized and directed to implement the Sale Process in a manner consistent with the Bidding Procedures and on the timeframes set forth therein and subject to the terms of the Case Resolution Contingency Process.</p> <p>4. motion (the “**Sale Motion**”) with the Bankruptcy Court proposing a sale process that contains provisions allowing qualified bidders to bid for either a purchase of substantially all of the assets or a plan sponsorship proposal that would result in the plan sponsor owning the equity of the Reorganized Debtors or the Reorganized Utility and is consistent with the Bidding Procedures and otherwise in form and substance acceptable to the Governor’s Office, the Sale Committee(s), and the Board(s) (the “**Sale Process**”).

5. The Sale Process shall be conducted in accordance with the Bankruptcy Code and the California Public Utilities Code.

The Debtors shall be authorized and directed to do the following:

1. Take all actions necessary to implement this requirement as soon as possible.
2. Take all actions necessary to prepare for the Sale Process so that the Sale Process, if required, can be implemented on the timeframes set forth in the Case Resolution Contingency Process.

As stated above, in connection with and subject to the approval of the Case Resolution Contingency Process, the Governor’s Office’s support for the Plan and the Securitization, and the occurrence of the Plan Effective Date, the Debtors have agreed to certain other matters as follows:

- a) Dividend Restriction. Reorganized HoldCo will not pay common dividends until it has recognized \$6.2 billion in Non-GAAP Core Earnings following the Effective Date. That amount would be deployed as capital investment or reduction in debt. “**Non-GAAP Core Earnings**” means GAAP earnings adjusted for those non-core items identified in the Disclosure Statement.<sup>6</sup> This limitation on dividends will delay the recommencement of common dividends by approximately one year as compared to the financial projections provided in the Disclosure Statement;
- b) Fire Victim Claims Costs. As noted above, the Reorganized Utility intends to file an application with the CPUC for approval of the Securitization. If the CPUC does not grant approval of the Securitization, the Reorganized Utility will not seek to

<sup>6</sup> See *Disclosure Statement for Debtors’ and Shareholder Proponents’ Joint Chapter 11 Plan of Reorganization*, dated March 17, 2020, Exhibit B, p. 168 [Docket No. 6353]. The non-core items identified in the Disclosure Statement are Bankruptcy and Legal Costs; Investigation Remedies and Delayed Cost Recovery; GT&S Capital Audit; Amortization of Wildfire Insurance Fund Contribution; and Net Securitization Inception Charge. *Id.* at 174.

1 recover in rates any portion of the amounts paid in respect of Fire Claims under the  
2 Plan;

3 c) Purchase Option. On February 18, 2020, in the Plan OII, the Assigned  
4 Commissioner issued a ruling that set forth various proposals. One such proposal  
5 was an Enhanced Regulatory Reporting and Enforcement Process (“**Enhanced**  
6 **Regulatory Process**”) that includes six steps to be implemented over an extended  
7 period of time which could, under extreme circumstances, culminate in a review  
8 and potential revocation of the Utility’s certificate of public convenience and  
9 necessity (“**CPCN**”), i.e., its license to operate as a public utility. The Debtors  
10 agree that if the CPUC revokes the CPCN through the Enhanced Regulatory  
11 Process, the state of California will have the option to purchase all of the issued and  
12 outstanding equity interests of the Reorganized Utility (including common stock  
and any options or other equity awards issued or granted by the Reorganized  
Utility), directly or via a state-designated entity, at an aggregate price to the holders  
of such equity interests equal to (i) the estimated one-year forward income  
computed by reference to rate base times equity ratio times return on equity (in each  
case as authorized by the CPUC and FERC), multiplied by (ii) the average one-year  
forward Price to Earnings ratio of the utilities then comprising the Philadelphia  
Utilities Index (“**PHLX**”), multiplied by 0.65; and

13 d) Net Operating Losses. The Debtors’ payment of wildfire claims under the Plan will  
14 result in substantial net operating losses (“**NOLs**”). Consistent with the Debtors’  
15 financial projections provided in the Disclosure Statement, the Reorganized Utility  
16 agrees to use cash flows generated by application of these NOLs in future years in  
17 connection with the Securitization. If this Securitization is not approved or  
consummated, the Reorganized Utility agrees to use these cash flows to amortize  
the \$6 billion in Temporary Utility Debt referred to in the chart above.

18 The Debtors also have agreed, subject to the approval of this Motion and the Governor’s  
19 Office’s support for the Plan and the Securitization, to the following:

- 20 • As a condition to the occurrence of the Plan Effective Date, the secured debt to be  
21 issued in connection with the funding of the Plan shall receive an investment grade  
22 rating from at least one of Standard & Poor’s or Moody’s on the Effective Date.  
This condition may be waived with the consent solely of the Plan Proponents and  
the Governor’s Office; and
- 23 • The Plan Documents (including documents included in the Plan Supplement) and  
24 any amendments to the Plan will be in form and substance acceptable to the  
25 Governor’s Office; provided, that if the Court declines to enter a form of  
26 Confirmation Order or to confirm the Plan unless the Plan Proponents modify the  
27 Confirmation Order or the Plan in a manner not acceptable to the Governor’s  
28 Office, the Plan Proponents may modify the Confirmation Order to address the  
Court’s requirements.

1       **V.       BASIS FOR RELIEF REQUESTED**

2               The Debtors believe that the Case Resolution Contingency Process, along with the Debtors’  
3       OII Proposals, as those proposals may be modified by the CPUC, and the other undertakings  
4       described herein will satisfy the state’s objectives and will secure the Governor’s Office’s support  
5       for confirmation and consummation of the Plan. The Debtors also believe the Case Resolution  
6       Contingency Process and the commitments of the Debtors therein address the concerns raised in  
7       the December 13 Letter. The Debtors believe that the Case Resolution Contingency Process  
8       together with the Debtors’ OII Proposals represent a milestone in these Chapter 11 Cases, will  
9       facilitate access to the Go-Forward Wildfire Fund, and will pave the way for confirmation of the  
10      Plan in keeping with the June 30, 2020 deadline of AB 1054.

11              **1.       The Case Resolution Contingency Process is a Sound Exercise of the Debtors’**  
12              **Business Judgment and Should be Approved Pursuant to Sections 105(a) and**  
13              **363(b)(1) of the Bankruptcy Code.**

14              The Court may approve the Case Resolution Contingency Process pursuant to sections  
15      105(a) and 363(b) of the Bankruptcy Code. Section 363(b) provides, in pertinent part, that “[t]he  
16      [debtor], after notice and a hearing, may use, sell, or lease, other than in the ordinary course of  
17      business, property of the estate.” 11 U.S.C. § 363(b)(1). Section 105(a) further provides that the  
18      “court may issue any order, process, or judgment that is necessary or appropriate to carry out the  
19      provisions of this title.” 11 U.S.C. § 105(a). Section 105(a) has been interpreted to provide  
20      Bankruptcy Courts with broad equitable powers to “craft flexible remedies that, while not  
21      expressly authorized by the Code, effect the result the Code was designed to obtain.” *Official*  
22      *Comm. of Unsecured Creditors of Cybergenics Corp. v. Chinery*, 330 F.3d 548, 568 (3d Cir. 2003)  
23      (*en banc*); *see also Southmark Corp. v. Grosz (In re Southmark Corp.)*, 49 F.3d 1111, 1116 (5th  
24      Cir. 1995) (section 105(a) of the Bankruptcy Code “authorizes bankruptcy courts to fashion such  
25      orders as are necessary to further the substantive provisions of the Code”). Together, these sections  
26      of the Bankruptcy Code provide the Court with ample authority and discretion to grant the relief  
27      requested herein. *See In re Lionel Corp.*, 722 F.2d 1063, 1071 (2d Cir. 1983); *In re Walter*, 83

1 whether to approve or disapprove the use of estate property by a debtor in possession, in the light  
2 of sound business justification.”); *In re ASARCO, L.L.C.*, 650 F.3d 593, 601 (5th Cir. 2011) (“The

8 decisions (as distinct from a decision made arbitrarily or capriciously), courts will generally not  
9 entertain objections to the debtor’s conduct.”).

10       Once a debtor articulates a valid business justification under section 363 of the Bankruptcy  
11 Code, a presumption arises that the debtor’s decision was made on an informed basis, in good  
12 faith, and in the honest belief that the action was in the best interest of the company. *In re*

17 operation of a business by a debtor and a presumption of reasonableness attaches to a debtor’s

19       Courts have relied on both sections 363(b) and 105(a) when approving compromises that  
20 support a plan and benefit the estate and the other stakeholders, such as the Case Resolution  
21 Contingency Process, routinely finding that such relief is entirely consistent with the applicable  
22 provisions of the Bankruptcy Code. *See, e.g., In re Pac. Gas & Elec. Co.*, Case No. 01-30923  
23 (DM) (Bankr. N.D. Cal. Mar. 27, 2002) [Docket No. 5558] (order approving proposed settlement  
24 of approximately \$2 billion in asserted unsecured claims against the debtor as part of plan support

5 the Bankruptcy Code); *In re Tronox Inc.*, Case No. 09-10156 (ALG) (Bankr. S.D.N.Y. Dec. 23,  
6 2009) [Docket No. 1030] (same).

7         The Case Resolution Contingency Process was formulated and agreed to after months of  
8 substantial arms'-length, good faith discussions with the Governor's Office. The Debtors believe  
9 the approval of the Case Resolution Contingency Process, together with the Debtors' OII  
10 Proposals, and the other undertakings described above, address the issues raised in the December  
11 13 Letter. The support of the Governor's Office for the Plan represents a significant step forward  
12 in these Chapter 11 Cases and eliminates the substantial costs, risks, and uncertainties that would  
13 otherwise be incurred with respect to a potential action by the state of California to pursue a state  
14 takeover of the Utility as previously noted in the Governor's Financing Objection [Docket No.  
15 5445].

16         In addition, the Case Resolution Contingency Process benefits the Debtors' estates and  
17 constituents by providing a clear process and timeline for the resolution of these Chapter 11 Cases  
18 in the unlikely event that the Debtors are unable to obtain confirmation and consummation of the  
19 Plan as set forth in the Case Resolution Contingency Process.

20         In view of the foregoing, the Debtors concluded that agreement to the Case Resolution  
21 Contingency Process is in the best interests of the Debtors, their estates and their economic  
22 stakeholders. The Debtors, with the assistance and advice of their retained professionals, have  
23 fully evaluated the assertions made and issues raised in the December 13 Letter, as well as the  
24 risks of failing to meet the requirements of AB 1054 and of contesting a potential state takeover  
25 of the Utility. The Debtors have determined that, against that backdrop, agreement to the Case  
26 Resolution Contingency Process and achieving the support of the Governor's Office is a prudent  
27 exercise of the Debtors' business judgment.

1                   **2.       Approval of the Case Resolution Contingency Process is in the Best Interests**  
2                   **of the Debtors' Estates and Should be Approved Pursuant to Bankruptcy Rule**  
3                   **9019.**

4                   The Debtors further submit that approval of the Case Resolution Contingency Process is in  
5                   the best interests of the Debtors' estates and all stakeholders and should be approved as a  
6                   compromise under Bankruptcy Rule 9019, in the event such rule is applicable.

7                   Bankruptcy Rule 9019(a) provides “[o]n motion by the trustee and after notice and a  
8                   hearing, the court may approve a compromise and settlement.” Fed. R. Bankr. R. 9019(a). This  
9                   rule empowers Bankruptcy Courts to approve settlements “if they are in the best interests of the  
10                  estate.” *In re Drexel Burnham Lambert Grp., Inc.*, 124 B.R. 499, 505 (Bankr. S.D.N.Y. 1991); *see*  
11                  also *Myers v. Martin (In re Martin)*, 91 F.3d 389, 394 (3d Cir. 1996). Compromises and  
12                  settlements are normal and welcomed occurrences in chapter 11 because they allow a debtor and  
13                  its creditors to avoid the financial and other burdens associated with litigation over contentious  
14                  issues and expedite the administration of the bankruptcy estate. *See Prot. Comm. for Indep.*  
15                  *Stockholders of TMT Trailer Ferry, Inc. v. Anderson*, 390 U.S. 414, 424 (1968); *Martin v. Kane*  
16                  *(In re A&C Props.)*, 784 F.2d 1377, 1380-81 (9th Cir. 1986). The decision to approve a particular  
17                  compromise lies within the sound discretion of the Court. *See Nellis v. Shugrue*, 165 B.R. 115,  
18                  123 (S.D.N.Y. 1994); *Woodson v. Fireman's Fund Ins. Co. (In re Woodson)*, 839 F.2d 610, 620  
19                  (9th Cir. 1988). A proposed compromise and settlement should be approved when it is “fair and  
20                  equitable” and “in the best interest of the [debtor’s] estate.” *In re A&C Props.*, 784 F.2d at 1381.  
21                  The court must apprise itself “of all facts necessary for an intelligent and objective opinion of the  
22                  probabilities of ultimate success should the claim be litigated.” *Prot. Comm. for Indep.*  
23                  *Stockholders of TMT Trailer Ferry, Inc.*, 390 U.S. at 424. The court must also recognize “that  
24                  since the very purpose of a compromise is to avoid the trial of sharply disputed issues and to  
25                  dispense with wasteful ligation, the court must not turn the settlement hearing into a trial or a  
26                  rehearsal of a trial.” *Newman v. Stein*, 464 F.2d 689, 692 (2d Cir. 1972) (quotation marks omitted).

27                  Courts in this jurisdiction typically consider the following factors in determining whether  
28                  a compromise should be approved: (i) the probability of success in litigation, with due

1 consideration for the uncertainty in fact and law; (ii) the difficulties, if any, to be encountered in  
2 the matter of collecting any litigated judgment; (iii) the complexity and likely duration of the  
3 litigation and any attendant expense, inconvenience, and delay; and (iv) the paramount interest of  
4 the creditors and the proper deference to their reasonable views in the premises. *See In re*  
5 *Woodson*, 839 F.2d at 620 (quoting *A&C Props.*, 784 F.2d at 1380). It is not necessary that the  
6 conclusions reached in the consideration of each of the above factors support the settlement, but  
7 taken as a whole, the conclusions must favor the approval of the settlement. *See In re Pac. Gas &*  
8 *Elec. Co.*, 304 B.R. 395, 417 (Bankr. N.D. Cal. 2004) (citing *In re WCI Cable, Inc.*, 282 B.R. 457,  
9 473-74 (Bankr. D. Or. 2002)).

10         The standard for approval of compromises under Bankruptcy Rule 9019 is deferential to  
11 the debtor's judgment and merely requires the Court to ensure that the compromise does not fall  
12 below the lowest point in the range of reasonableness in terms of benefits to the estate. *See City*  
13 *Sanitation v. Allied Waste Servs. of Mass., LLC (In re Am. Cartage, Inc.)*, 656 F.3d 82, 91-92 (1st  
14 Cir. 2011) ("The task of both the bankruptcy court and any reviewing court is to canvass the issues  
15 and see whether the [compromise] falls below the lowest point in the range of reasonableness . . .  
16 If a trustee chooses to accept a less munificent sum for a good reason (say, to avoid potentially  
17 costly litigation), his judgment is entitled to some deference.") (citing *In re Thompson*, 965 F.2d  
18 1136, 1145 (1st Cir. 1992)); *Nellis*, 165 B.R. at 123 (a court need not be aware of or decide the  
19 particulars of each individual claim resolved by the compromise or "assess the minutia of each and  
20 every claim"; rather, a court "need only canvass the issues and see whether the [compromise] falls  
21 'below the lowest point in the range of reasonableness.'"); *see also In re Pac. Gas & Elec. Co.*,  
22 304 B.R. at 417; *In re Planned Protective Servs., Inc.*, 130 B.R. 94, 99 n.7 (Bankr. C.D. Cal. 1991)  
23 (same).

24         While a court must "evaluate . . . all . . . factors relevant to a fair and full assessment of the  
25 wisdom of the proposed compromise," *Anderson*, 390 U.S. at 424-25, a court need not conduct a  
26 "mini-trial" of the merits of the claims being settled, *Port O'Call Invest. Co. v. Blair (In re Blair)*,  
27 538 F.2d 849, 851-52 (9th Cir. 1976), or conduct a full independent investigation. *Drexel Burnham*  
28 *Lambert Grp.*, 134 B.R. at 505. As one court explained in assessing a global settlement of claims,

1 “[t]he appropriate inquiry is whether the Settlement Agreement *in its entirety* is appropriate for  
2 the . . . estate.” *Air Line Pilots Ass’n, Int’l v. Am. Nat’l Bank & Trust Co. (In re Ionosphere Clubs,*  
3 *Inc.)*, 156 B.R. 414, 430 (S.D.N.Y. 1993), *aff’d* 17 F.3d 600 (2d Cir. 1993) (emphasis added).

4 As demonstrated above, the Case Resolution Contingency Process is fair and reasonable  
5 and in the best interests of the Debtors, their estates, all of their economic stakeholders, and should  
6 be approved. As stated, approval of the Case Resolution Contingency Process (together with the  
7 filing of the Debtors’ OII Proposals) will eliminate the costs, potential litigation, and risks  
8 associated with the issues raised in the December 13 Letter, including the potential litigation that  
9 would arise from an attempted state takeover of the Utility. Such issues are complex, time  
10 consuming, and involve uncertain areas of state and federal law, including thorny issues of “just  
11 compensation” that would arise if the state attempted to acquire the Debtors by exercise of eminent  
12 domain. Cal. Const. Art. I, § 19 (c). Elimination of the risk and uncertainty of that potential  
13 litigation will, among other things, expedite distributions to fire victims. Courts routinely  
14 acknowledge that uncertainty of litigation and federal policy weigh in favor of approval of  
15 settlements. *See In re Laser Realty, Inc. v. Fernandez (In re Fernandez)*, 2009 Bankr. LEXIS  
16 2849, at \*9-10 (Bankr. D.P.R. Mar. 31, 2009) (“The Court concluded that the uncertainty of the  
17 litigation between the debtors and Citibank weighs heavily in favor of the approval of the  
18 Settlement Agreement.”); *In re Manuel Mediavilla, Inc.*, 568 B.R. 551, 567 (B.A.P. 1st Cir. 2017)  
19 (recognizing “federal policy encouraging settlement of bankruptcy litigation.”). Further, approval  
20 of the Case Resolution Contingency Process should promote expedited distributions to fire victims.

## 21 **VI. CONCLUSION**

22 The Case Resolution Contingency Process is supported by the Debtors, the Shareholder  
23 Proponents, and the Governor’s Office. Approval will expedite the successful conclusion of these  
24 Chapter 11 Cases within the timeframe established by AB 1054. Based on the foregoing, the  
25 Debtors respectfully request that the Court approve the Case Resolution Contingency Process as  
26 such action is a reasonable exercise of the Debtors’ business judgment and is supported by valid  
27 business justifications.

1 **VII. NOTICE**

2 Notice of this Motion will be provided to (i) the Office of the United States Trustee for  
3 Region 17 (Attn: Andrew Vara, Esq. and Timothy Laffredi, Esq.); (ii) counsel to the Creditors
